The Stem Cell Revolution:

A holistic approach to healing

Stem cells are the healers in the body

Stem cells travel throughout the body, mending and healing based on messages from the brain, directing them to areas that need repair and regeneration.

Stem cells need certain specific nutrients

Stem cells support organs, tissues, systems, and every little part of our body. As we age or as our health is challenged, it is even more important that our stem cells be able to continue regenerating and repairing the body. To do so, they need special nutrients that work in synergy, and our formulas offer exactly that.

StemAlive™

Our original formula consists of sixteen carefully-selected, highest-quality ingredients: colostrum, spirulina, Indian kino tree, blueberry, goji berry, oat beta glucan, ashwagandha, Siberian ginseng, reishi mushroom, açai extract, fucoidan, grape, green tea leaf, l-carnosine, pomegranate, and vitamin D3 from lichen plant.

StemAlive™ comes in capsule form for your convenience.

Stem Cell Nutrition

A Vegan Formula

The most advanced plant-based stem cell nutrition formula

StemVLife™

- » Supports the body's natural renewal system
- » Helps release millions of the body's own stem cells from bone marrow into the bloodstream
- » Strengthens metabolism and energy levels
- » Helps support telomere health
- » Supports the body's healing and rejuvenation processes

Studies show that the more stem cells that circulate in the bloodstream, the greater the body's ability to naturally heal and renew itself.*

StemVLife™ helps support telomere health. Telomeres are the caps at the end of each strand of DNA that protect chromosomes.

It comes in powder or capsule form for your convenience.

StemVLife™ contains: raw cacao bean, moringa leaf, spirulina, Indian kino tree, blueberry, goji berry, oat beta glucan, ashwagandha, Siberian ginseng, reishi mushroom, açai extract, fucoidan, grape, green tea leaf, pomegranate, and vitamin D3 from lichen plant.

Nourishing **Our Skin**

with the power of nature

FreshScrub

A gentle but effective "2-in-1" scrub & wash with anti-aging ingredients such as organic polyphenols of green tea and white tea, as well as kukui nut oil and organic olive oil.

Algae and wild geranium extracts help cleanse, while avocado oil and tropical butters help moisturize during exfoliation. Antioxidants from other botanicals help protect against free radical damage.

Apply to face and/or body for gentle exfoliation. Rinse off with warm water.

FreshMud

A facial mask with activated charcoal, coconut oil and rice extract to deeply clarify and purify clogged pores while instantly hydrating and rejuvenating skin.

Other ingredients include: lavender oil, sunflower oil, chamomile, rosemary and aloe vera.

Apply to face, leave on for up to 15 minutes and gently rinse off. Use 2-3 times weekly.

FreshMoist

Firms the skin through carrot, aloe, clary sage and witch hazel.

FreshMoist softens skin thanks to jojoba, shea butter and rosehip.

Apply to clean skin in the morning, letting it soak in for a minute before applying makeup.

inside and out*

Stem Cell & Collagen Regeneration:

The power of botanicals, MSM, triple peptides and hyaluronic acid

FreshRepair

The peptides in this unique formula help stimulate collagen and stem cell production, refining the appearance of wrinkles, evening skin tone, and restoring elasticity and firmness to the skin.

Hyaluronic acid, periwinkle, licorice and MSM promote healthy, resilient, and firm skin around the eyes.

Gently dab around eyes, forehead and cheek area. Can be used as an all-over face treatment morning and night.

FreshIntense

A collagen-producing nectar, this luxurious anti-aging cream helps protect skin from sagging, fine lines and deep wrinkles.

It repairs and prevents against photo damage and premature aging.

Apply to face, neck and chest generously at night and wake up with pampered and more hydrated skin.

What Our Customers are Saying

"I was taking insulin and pills and everything; my sugar levels were between 177 and 200. The day before I took StemAlive, StemLiver and StemDigest, my sugar level was 216. The next day it dropped to 120; after that it was 98, 97, 95 and so on. From then on, those are the sugar levels that I'm having. I feel these products came from the heart of God."*

- R. Arroyo
Los Angeles, California

"I suffered from terrible migranes and after taking StemAlive they went away. I attribute it to toxicity in my body that got cleansed. Later, I also started taking StemLiver and StemDigest, and my cravings and extra pounds left me completely. I lost over 30 pounds in 8 to 10 months."*

- L. Castellano
Fontana, California

"I was very skeptical about taking StemAlive at first, but I decided to give it a try. My rheumatoid arthritis pain had reached unbearable levels and was taking 4 to 16 pain relievers a day for many years just to take the edge off. After one week of taking StemAlive, the pain drastically decreased. Later, I also changed my diet to 100% plant based with no animal products or processed foods, and the pain decreased to zero!"*

- M. Salas
Katy, Texas

"When my son was 8 years old, and due to his autism, he entered into a tremendous crisis. He would hit, kick, hit the walls, didn't speak, etc. I didn't know what was happening or how to control it. Since I started giving him StemAlive, the changes in him are impressive. The crises have stopped, he has learned to speak, read, write, and now has self-control. He communicates, eats and sleeps very well. So we are very happy and grateful to God for having found StemAlive."*
